# SURPLUS ENGLISH CHRYSANTHEMUM LIST

Fall Clump orders are all filled and all of our own propagating stock moved into the greenhouse. Also have an inventory made of the varieties that we still have a surplus of. Have quite a number of kinds that we didn't list in our fall list, not knowing then if we had any above our own requirements. Buy these clumps for your own winter propagation but don't wait too long, as we aren't too long on some varieties.
